the flat is close to Bayswater and approx. five minutes walk from Queensway. easy to find with good text directions.

The Lady:

Asia is described as 5'3", size 8 and 23. she's defo five three but no way 23. Probably 30 and not a size 8 either cos she's a bit chunky. And possibly had a tad too much makeup on too.

The Story:

The last time I visited the Indian Palace they were in Bloomsbury and Jada was the alpha female. They have since moved to Queensway with a different line up. Having said that she was a friendly girl with a nice set on her who absolutely loved having her pussy fingered and licked and her tits played with and her nipples sucked and generally loved being stroked and touched. One thing about indian palace girls, they have a list of don'ts such as no kissing and no OWO but they do like getting banged and Asia was no exception. That's Asia crossed off my list now and she is recommended but a return visit is not on the cards. The room was fit for purpose and I showered afterwards in a clean bathroom with a fresh towel and they had decent shower gel.
