### The Premises:

### The Lady:

Stunning! Elegant, sophisticated, a real natural beauty. The kind of lady you could take to the finest restaurant and by the envy of every guy there.

She looks exactly like the photo of her in a floral dress on her profile page. The ones of her in black leather look too slutty, which isn't her at all.

Great natural breasts which she loves to be touched! So good to find a Thai girl without ugly implants.

### The Story:

Having recently moved into a new flat, I have been desperate to christen it. But, things have been a bit dry on the dating front lately, so I considered booking my first out-call escort.

I had my eye on Mimi for a while but have been waiting for a review. When I saw she had signed to SEAL, there was no question. I was cautious about having someone I have never met before come to my home, but knew I could trust one of Maria's girls.

I booked her for 7pm knowing that would give me enough time to shower, chill some wine and light some candles. She had trouble finding my flat, as most people do, so I went out to meet her by a popular landmark. There were a few people waiting around nearby, but she stood out from a mile away. WOW! Absolutely beautiful. My dream girl. I couldn't believe my luck. Let's face it, most agency photos are extremely flattering, but she looked exactly like them.

She was shy at first, as is to be expected because she has only been in the country for a few weeks. We relaxed with some music, a glass of wine and chatted for a while. She wore an stunning cleavage enhancing dress which was driving me crazy, but I managed to control myself. It wasn't long before things got flirty. When the time felt right I moved in for the first kiss, which she responded to with enthusiasm. We moved to the bedroom and what followed was almost an hour of

genuine, passionate first date sex. No coordinated routine. Just 2 people discovering how to pleasure each other.

After we finished, 30 minutes past schedule, I walked her to the taxi and left with the biggest grin on my face. It's still there the morning after.
