The Story:

Arrived at the given address bang on time to find 4 flat numbers - flat number had not been specified. Took 10 minutes to sort that out as Layla apparently wasn't ready for me either. Friendly welcome before requesting her 'present', which I handed over. She then stated it was £50 more than I had given her, which was clearly not the case from the website. She then called the agency and agreed I was right. I had been very polite and friendly through all this. She then smiled, kissed me and offered me a shower, which I accepted. Some very pleasant foreplay then ensued in a standing position and I got hard very quickly. As I crouched slightly, she was able to trap my cock between her thighs and jack me off, which was pretty cool. We then moved to the bed and she began to blow me, but she put a condom on me despite the website clearly saying owo/cim/dt were on offer. I challenged her on this but she said, "No, always condom." She eventually succeeded in bringing me off orally with the condom but it wasn't great. Massage followed but with no oil it wasn't very good. We had a nice chat and she's a nice girl. But the service is poor and the agency's website is extremely misleading to put it mildly. Give her and Aurum a wide berth.
