The Premises:

Good location. Looked like a residential area. Close to Royal Oak tube station. The apartment was alright. Seems like there were a few girls working from the same building. Another person did arrive at the same time as me. The shower was shared, meaning, I had to wait for another client of theirs to finish using the shower. Shower was clean, no complaints. I used the shower because I went there straight from work.

The Lady:

The lady was spot on! Couldn't make out if it was the same lady from the pictures immediately, but she was beautiful. I think it was the same girl from the pictures. The site said that she's 23 but she said that she was 26. She looked like she could even be younger. Her height was accurate. She was 5.8 feet as mentioned on the site (I know that's accurate as I'm the same height). She was slim and had a firm body. The only thing that looked a bit different was her breasts. Looked slightly smaller than in the pictures, but great anyway.

The Story:

I called premier to book Serena. They said that she was not available for the day, so I asked them to recommend someone. The lady recommended that I see Abby and said that she is a beautiful blonde with a European origin (that's what I was looking for anyway). Went to her place right on time. There was another guy at the door at the same time and he was greeted by a lady.

I waited for him to go in and then knocked on the door again. Was greeted by Abby who was wearing a sexy black mini dress. She welcomed me into her room, asked me if I wanted to shower, I said that I would. Waited for another guy to get out of the shower and then took a quick shower about 2 or 3 minutes. Once I went back, she asked me what I would like to do. She then asked me for the "payment" as she forgot to ask me earlier. I handed it to her.

She asked me if there was something special that I would like, I asked her to do a striptease for me! She said that she didn't know how to do a striptease but that she would learn. So I asked her what she liked to do. She said that she liked oral because that way "you can see more". I was happy with that. Got on the bed. She then asked me if I wanted OWO or CBJ, I said that I preferred CBJ. She

then said that she was more comfortable with CBJ too but offered OWO in case people prefer that. She was amazing at giving the BJ! I think that was one of the best BJs I've ever had. She was just awesome, can't describe any more than that!

After a while, I asked her what else she liked, she said she would like oral. So I offered her oral. Did a bit of cunnilingus, she was clean shaven her kitty was real nice! After that we did a 69. And then she began to go down on me again and I asked her to come up. Asked her what her favorite position was she said she liked missionary. So I asked her to get on her back, she put her legs up in the air. I leaned on her and asked her if I could kiss her, she said that I could. Kissed a bit and did her till I came.

We had like 15 minutes left. So I decided to talk to her instead of going for another round. She sat beside me, we spoke for a bit, then I left. She was nice throughout the session. And she also hinted for me to go back to her again. Maybe I will. Highly recommended!
