The Premises:

Nice area, serviced apartments near South Kensington tube station. Her apartment was decent sized, room and shower were clean.

The Lady:

Beatrice was good looking but looked different from the pictures on the site. Beatrice also has a tattoo on her left arm, right below her wrist (inside) which is not visible on the site. Other features were spot on: DD or E cup size breasts which sag a bit when the bra is undone; slim figure; black hair (natural colour - brown, she said); tall and slender. She also said that she was 22 yrs old.

The Story:

Went in, was greeted by Beatrice, initially I thought that she was just at the door and that the actual lady was in the room or something because she looked different! I soon realised that it was her and there was no one else. Felt a bit awkward because I didn't take an instant liking to the girl and she wasn't the talkative type who can calm nerves or make a person comfortable. I asked for the shower room, she pointed it out and asked for the payment. I paid, took a quick shower and came back to her. Still feeling awkward because I think my brain was saying that I should have left but I stayed nonetheless.

We got on the bed, kissed a bit, she did CBJ, then a 69. She then asked if I would like to move on to sex, I said yes and asked her what position she preferred. She said woman on top or man on top, anything... I suggested cowgirl because I wanted to see her breasts when she moved up and down. After a little while, I came. There was about 25 minutes left. Asked for a massage because I wasn't feeling like going for round 2 because of the conflict in my head. She massaged my back for a bit, then I offered her a massage. She wanted me to massage her hands, which I did. After a bit more of awkward conversation, I asked her for the time and there was about 15 minutes left. So I was thinking of maybe a quickie, but she said that there won't be enough time. After a bit more of awkward conversation, I cleaned up again, got dressed and left.

Beatrice was good looking and she was pretty nice too. I couldn't get a decent conversation going because I had entirely different expectations because of the pics on the site.

One thing to note, she picked up her phone on three occasions, to reply to texts, which I thought was a bit distracting.

Pros: Big breasts, slender frame, willing do anything for you, pretty, pleasant

Cons: didn't look exactly like the pictures
