The Premises:

HOD2, about ten minutes walk from Victoria Station. The radiator was about the same size as the bed and turned up full blast. I was sweating even before I saw the girl.

The Lady:

Sabrina is a 29 year old Lithuanian girl with a killer body. Pity she doesn't like having it touched.

The Story:

There was verl little chemistry between Sabrina and I. She complained that she didn't like having her nipples sucked, was fussy about how her breasts were fondled, asked me to be gentle when licking her out, and when I touched her hair she accused me of pulling it. I am by no means the most visceral of men. There was some FK but it lacked any real passion, not least because when I opened my eyes for a second she was looking at the wall. Her OWO skills were pretty amazing, it has to be said, and I had to hold myself back from coming. We were about ten minutes into the encounter when she asked "are you gonna fuck me?", a sure sign that she wanted me outta there PDQ. Nevertheless, I was not be deterred and insisted she suck my cock some more, during which I caught her having a sneaky look at the clock. Either she is a moody cow or she was having an off day or she just doesn't find me attractive, so I am gonna give her a neutral recommendation based on her cock sucking skills and how good she looks naked. The fucking was alright, I suppose, but the foreplay, apart from the blistering blow job, was abysmal.
