The Lady:

Sasha is one very hot lady. Since I saw her I have been to see her again and again
Tall with long smooth legs. Her voice is just as described somewhere on the site.
Her hand can be very firm finding all the right stress points

The Story:

I have been to see Sasha before.....about 2 or 3 times before and thought I should go see her at Annabella's. I got there and was told she is not working on that day so I sat back in my car and quickly check the schedule where I discovered she was actually at Ego on that day. I couldn't thank my lucky star for that. I thought even though I would have loved something more than a massage, that will just do fine.

So back to the story she came into the room as usual made me feel comfortable and on the table I climbed. Her gentle hands guiding and finding all my pains and aches. Sasha just knows where to touch and the level of pressure to put in that area.

I personally do not like too much oil on my body. Some massage girl will just pour oil on your body as if you have come for body creaming but NOT Sasha. She applies enough and makes sure it's not just about the happy ending but you actually having a proper stress relief. Oh and this lady sure knows how to tease and tingle with her hands. I got to a point I wanted her so badly but she calmly advised that cannot happen. Very professional. Sasha sure knows her job and is very talented but then again she is educated with a good head over her shoulders.

As long as she remains at Ego, I cannot see myself allowing anyone else give me a massage. If you want a nice sensual massage from someone who knows what she is doing with a good happy ending then Sasha Brooks is the girl. I will come back to see her again and again.
