The Story:

I have known Carol for a number of years but not had the chance to play with her for a year or two so I took the opportunity to see her when I was out her way last Monday.

When I arrived Carol was wearing a see through black negligee under which was just a suspender belt holding up her seamed stockings.

Not having met for a while we started with a snog and a cuddle then I had her lie back for a good licking and fingering to get her warmed up, although it does not take long with Carol.

After giving me a bit of OWO to make sure I was rock hard, Carol slipped on a condom, lubed up, bent over at the edge of the bed and slipped me in to enjoy a short but pleasurable bit of anal.

After a rest and some chat Carol started on me with a prolonged session of oral, leading to some cow girl with a butt plug inserted, then mish, then a good long session of anal pile driving.

I could not cum, so we took another break then Carol started work on me with her mouth again and finished me off on her knees in front of the mirror.

I was pleased to renew my acquaintance with Carol and hope I can get to see her again before too long.
