The Premises:

Nice clean flat on ground floor. I went to the basement by mistake because I didn't read the agency's text properly, and have visited a girl in the basement previously! Luckily I realised before pressing the buzzer LOL

The Lady:

Very, very petite teen with a really tight body and not an ounce of fat anywhere. Just what I was looking for. And did I say how pretty Katy is? Her pictures are good, but when you see her darling little face you will die....

The Story:

I was 15mins late. It was all my fault, and it was all far more rushed than I would want. Katy started with some o, and then very quickly jumped on top and started fucking my now fully erect member like a jack hammer while making these cute little noises. My god it was sexy watching such a pretty girl bobbing up and down like sex was going out of fashion. After 5 minutes I turned her fully over and did some boy on top - Katy was equally enthusiastic and encouraging of my efforts. After what seemed like an age I popped her up, got Katy to put her heels on, and screwed her standing from behind in front of her floor length mirror. This was FANTASTIC as it gave great views of my hugely erect phallus entering K's petite and tiny body. She was thrusting back onto me and it was all I could do to stop myself exploding seeping in her tight cunthole. After a while I directed her to the bed and entered again from behind. Tun fortunately Katy is both devilishly attractive, and has an amazing tight arse. It's totally impossible to know how you want to screw this girl most - front or back you are guaranteed an absolutely smashing view and a great time as she expertly works her body on your member. Katy was putting on a great show in this position and working her arse to the max - do you know the effect that has on the boys Katy?. All too soon though, mainly due to my late arrival, it was time to complete - so I pulled off the rubber and popped a simply huge load of jism all over Katy's tits and it flowed down and collected in her ripped stomach and belly button. Class! No complaints for K - what a young trooper! I am returning tonight!
