The Story:

Where do I start how do you combine one of the nicest people I have met with one of the horniest girls I have ever met. She greeted me with a kiss and we embraced allowing me to squeeze her lovely firm arse "She said I know what you want!" After dealing with the finances she stripped off to reveal a lovely pair of boobs and shaved pussy waiting to be played with. Ella has said that some people have complained that she is not as slim as in the picture's posted. Well she is a size 10 and frankly she was dam hot to me with a twinkle in her eye what more can a man ask for. Well I didn't really but Ella gave me what I did ask for and more more been taken to the bathroom to have the little fella cleaned and then have a lovely blow job, back in the room 69 which was amazing. She then took me to the couch for sex in various positions and when I felt that maybe I was taking too long she took me in hand taking off the condom and insisting I finish inside her the mouth. At the time I wasn't completely sure that she had meant for me to unload my spunk into her lovely mouth. Well eventually with Ella giving mouth to mouth the little fella just exploded inside her wanton mouth like a mini volcano. Still can't believe she let me do this I thought this only happened in porn films! Thanks Ella if I have to describe her in one word "Horny"
