The Story:

Waste of money and time! Had a good feeling as I stepped into the house. Ellie was welcoming and in all fairness dressed in stockings and a long shirt revealing her breasts. Went up to the room where Ellie asked what I wanted, I opted for a £40 service- Oral and sex covered.

Was told to get money out of the way first. Once money was out of the way a dramatic change in Ellie attitude. Told to lay down for a quick 'back massage'. Barely feeling relaxed was told to turn over for a front massage. Ellie massaged my front until I was ready and she slipped on a condom. Oral?! what oral a quick minute of oral, tried to touch her breast but she responded "don't touch me" I said why not and she responded "because I don't want you to" After a quick minute of oral she stood up and said "sex" I looked at her and said you haven't even started oral yet. Which she replied "you get what you paid for" but she reluctantly went down for say 30secs of oral and sprung again, slipping off her underwear. Told for me to go on top after arguing she did not want to do doggy. After a few minutes of penetration she pulled out and said "im dry, lay down" took the condom off and proceeded with a HJ with lots of oil. I would avoid this lady as she is disrespectful and rude. She was rushing everything and tries to avoid as much conversation as possible. Did not even wait until I got dressed and proceeded to the stairs. AVOID AVOID AVOID!
