The Premises:

Good location in a parade of shops on a busy street - discrete entrance. Clean and well presented room with good sized shower

The Lady:

Unfortunately nothing like her photos - I don't think I have ever seen so much photoshop at work. Brunette (not blond as pictures) nice boobs but certainly not the pert hard body in the pictures. She came into the room wearing a skirt and top with no bra underneath.

The Story:

I had just got out of the shower as Alexa came in the room. She seemed nervous despite later on telling me that she had worked at MN since before Xmas and previously elsewhere. She undressed quickly so I got sight of her body - disappointingly nothing like her pictures, a pleasant curvy figure all the same. We started with a massage then I rolled over and she ran those lovely boobs all over my cock. We had some fantastic OWO for which she excelled! She then lay on top of me and kissed but in a clever way that I could not touch her body other than her back. We switched to 69 at my request - again she wasn't interested in RO - just kept her body out of the way. On with the protection and me on top to finish. Ended with a chat and a massage. Overall an average punt - I don't like to write negative things but honesty would have meant me making a different choice. More honest pictures and descriptions would allow you to get what you want - wouldn't tell you not to choose her but not again for me
