The Premises:

We met at Victoria's well kept flat in a reasonable residential area. Plenty parking and a discrete entrance.

The Lady:

Victoria is a friendly, cuddly, young lady with sandy hair.

The Story:

I have not had the chance to play with Victoria for a year or more so I took the opportunity to see her when I was up in the North East a couple of weeks ago.

When I arrived Victoria was wearing a red satin top and pants plus a 6 strap suspender belt holding up her stockings.

Not having met for a while we started with a kiss and a cuddle then Victoria lay back for a good licking.

After giving me a bit of OWO to make sure I was rock hard, Victoria slipped on a condom, lubed up, bent over at the edge of the bed and I was able to slip easily into her bum for a short but pleasurable bit of anal.

After a rest and some conversation Victoria started on a session of oral, including some 69. Once rock hard she covered me up and lay back at the edge of the bed and lifted her legs up around my shoulders so I could slip into her bum while I was standing up to enjoy a good session of deep anal mish or pile driving as it is sometimes called.

Very erotic which resulted in another fantastic climax.

There was no clock watching but I needed to go to catch up on work calls I had missed when enjoying myself with Victoria.
