The Premises:

A massage parlour in Old Market,Bristol.I had read that the facilities here were good.

This however was not my experience ,the room was small cramped and the shower was barely functional broken and hanging off the wall.There were two dirty socks on the floor and unbelievably a used condom had been left on the floor.

The Lady:

A rather average looking Spanish girl with dark hair and a little overweight.

The Story:

I rarely post reviews but this experience was so bad i feel that i had to let people know.

This parlour has been here a few years but this was only my second visit in about 5yrs.I normally go to private girls who know how to give proper massage and can give you a sexy time with it.Believe me these girls have no idea how to give a massage so what you are paying for here is simply sex/blowjob or whatever.If that's what you want this may be for you.

When i rang up i was told 5 girls were available all with good descriptions,however when i got there there were only 2 ,both of which i would describe as Fat.I chose the one with the lowest BMI (although this is difficult to work out in the low lighting).

She gave me a massage which lasted all of about 5-6mins at most then a blowjob and then offered sex which i turned down in favour of a handjob to finish.In total i must have been in there no more than 20 mins tops and 5 of that was spent in a cold dirty shower.

This is my first and last visit to massage parlours for 2015.I will stick to the private girls.
