### The Premises:

Nice easy-to-find flat near Paddington. One of the nicer "escort flats" I've been to in London - comfortable, well-appointed, decent shower. In other words, the surroundings matched the quality of the girl.

### The Lady:

Caroline is one of the few escorts who really does look as good as her photo-shopped pictures. Cute smile, pretty face, lovely eyes, amazing body (natural c-cup boobs, just enough curves to play the part of a pin-up model, nice ass, etc.). When she meets you at the door, if you don't go instantly hard, there's something wrong with you.

### The Story:

If you've read one review on Caroline, you've read them all - not a bad recommendation in the bunch, and this one is no different. This girl is a self-described nymphomaniac, and a wild one at that. From the moment you walk in, it's full-on DFK (she will barely let you out of her grip to get a quick shower in before the fun really starts) and ramps up from there. Her OWO is among the best, she tops the list in PoE (perception of enjoyment) when it comes to DATY (which is wet and wild and fun as hell), and the sex is outta' this world.

The second time around, while she was working her mouth and hand on my rod, she took my hand and literally started pounding herself with it. What an experience. I'm surprised we didn't get a call from the neighbors to keep it down.

It's a shame she's headed back out of town - this is a girl I'd love to see again and again and again...
