The Premises:

Luxurious 2 bed apartment near Old Street tube. Easy to get to.

The Lady:

Abigail is best described as a 'pocket rocket'. She is a petite young blonde with slightly enhanced boobs and some exquisite tattoos in all sorts of places. This was a 2 girl booking with Abigail and her busty blonde friend and playmate, Honey, who is a little more mature and has more enhanced boobs, although they look and feel quite real..

Both look just like their photos - in fact they look better because the photos do not show their lovely faces!

The Story:

Pre-meeting protocols were simple and worked to perfection. On arrival I was buzzed into the block and took the lift to the apartment, where my knock was answered by Honey, who greeted me with a big smacker of a kiss. She took my coat and while I was showering (my idea -I felt a bit sweaty after the train journey) made me a cup of tea, and then Abi came and took care of the business side of things. I was then taken into the bedroom and while I was french-kissing Abi Honey took my by now swelling member into her mouth - heaven! then they got me onto my back on the bed and tongues, pussies, boobs and cock were combined in a bewildering variety of combinations! Suffice to say Abi was very appreciative of my oral skills, and gives a tremendous titwank! Honey was also very active and used her long tongue and lips both on me and Abi, while keeping up a stream of dirty talk, especially commenting on how hard my cock was and how much she liked that, until we reached the inevitable conclusion. I've met both girls before and we did drift off into a session of gossip and chatting until sadly my time was up, although we did go a few minutes over and there was never a hint of timewatching. I'd definitely visit both these ladies again, either together or separately and can heartily recommend them. One word of warning though - you wan't visit these ladies just once, they quickly become a habit so be prepared!
