### The Story:

I had not made an appointment just turned up and was introduced to Sarah who introduced herself and kissed full on lips, I asked her dos and donts she said no Anal or fingers inside but up for most things ,So I asked if she did OWO and CIM she giggled and said no problem.

WE kissed passionately and I fondled those great boobs then retired to the bed and was given a heavenly blow job which was deep and just the right combination of hand and mouth, I thought that deserved a reward so I went down on her and kissed and licked her lovely pussy and got some whimpers Ha on with the mac and she rode me cowgirl what a sight then changed to doggy before trying missionary as I was now getting ready to cum stood in front of the full length mirror while Sarah dropped to her knees and licked ad sucked me until a came a bucket load in her mouth lay on the bed to recover and had a good chat about other places she had worked in fact she is a really intelligent great looking girl I think she might become a favourite of mine
