The Premises:

On a quiet side street off Edgware Road quite close to the C&D tube station. The flat is over a travel agent, and a few floors up in the eaves of the building, above another lady of my acquaintance. The bed is a good size with the mirror over the bed angled slightly - which gives a better view. It's rather cosier than some places I've visited this year and certainly well up to standard and a nice place to visit a lady for fun and games

The Lady:

Gigi's pictures are accurate enough. The studio photos make her look beautiful but aloof, the reality is much better, she is perhaps attractive rather than beautiful, but with a slightly shy and girlish air of innocence. Her body is splendid, slim, with nice legs a lovely taut bum and lovely boobs, which if not the generous enhancements many girls go in for are a very pleasant and deliciously firm handful.

Gigi looks good from head to toe, and compliments it with a delightful personality. She is wonderfully friendly and clearly very eager to please. You feel at ease with her at once. There is a slightly submissive air to her but a good sense of fun. I should also point out that Gigi is not only eager to please, she is also very skilled at doing so. She knows all about how to please a man and demonstrates it with great enthusiasm!

Last but not least her English is also rather better than average. I admit much of my communications problems with Oriental ladies are down to me, but I was able to understand much more of what Gigi had to say to me than is usual.

The Story:

In the "I'm a gentleman so I won't go into details" manner:

I've had my eye on Gigi for a while, but only took the plunge just before Christmas. I felt like kicking myself for not doing so earlier. And if my first visit to Gigi was glorious fun, this my second, was if anything even better.

Gigi comes across as a little shy, but very eager to please - and more than a little talented in doing

so. Her firm slender body is a delight, but there are many girls out there with delightful firm slender bodies. What makes Gigi so special is the genuine delight she seems to have in entertaining her gentleman callers. From sensuous kisses to start, building up to a glorious romp on the bed, and then a bath to wind down and a nice kiss and cuddle farewell, this was exotic and erotic encounter to savour. Highly recommended!

In the "I'm told that giving details encourages more visits to the lady in question" manner: My plans in London had not initially intended to encompass a visit to Gigi. However the opportunity arose and contacting Invasian I was delighted to find that she was available at the desired time.

I had some time to kill when I arrive in the general area so ended up strolling over from Marylebone village to Gigi's flat. Arriving I had a momentary panic trying to get the buzzer to work, but finally succeeded and worked my way up the stairs to Gigi's abode.

Gigi greeted me in a little blue all in one, which she models on many of the escort web sites she is on. She also had on some very high heels, so our eyes and lips were pretty much on the same level. She gave me a big smile and then moved in for a sensuous kiss. Her body pressed against me and I felt myself growing hard. She took my coat and jacket and I handed over my gift Gigi giving me a little 'Y' of thanks before producing a beer for me. I took a little sip, but was keener to get to grips with her lovely body.

Gigi fingers set to working unfastened my shirt while I undid the ties on her little scrap of lingerie so I could play with her lovely boobs. I kicked off my shoes and tugged off my socks, and then Gigi pulled down my trousers and pants and took hold of my cock. I'd showered before setting out so was clean, but was bit surprised (but very delighted) when Gigi took me in her mouth at once, not bothering with wipes or the like. I soon was fully erect. She lasciviously lapped at my balls. I tugged her to her feet, skinned of the rest of my clothes and tugged off her little blue thing and her heels. I'd expected a bath to start, but I was too aroused to bother with that by now.

Sensing my mood, Gigi led me over the bed. I sat down and she knelt on the floor between my legs to carry on pleasuring my cock and balls with her eager tongue. Then upping the stakes a little she pushed up my legs so she could start licking my arse. Awesome! I tugged a cushion down to wedge up my hips to give Gigi a bit better access and she pushed my back and gave me a really good rimming. I moaned and groaned, and then moaned and groaned some more as she gave me a noisy and very wet rimming with interspersed ball licking and cock sucking. Finally unable to bear it any more I rolled myself up into a sitting position and gently held her down on my cock while her head frantically bobbed up and down. In short order I was exploding in delight deep in her mouth. Gigi held me there for a little while for me to subside before pulling away to spit out into a tissue and then leaving for a moment or two to rinse her mouth out.

She returned and proposed a massage. I sort of agreed, but stayed on my front and although she started rubbing my legs I decided it would be more fun to do something else and tempted her move up so I could give her a cuddle and so we could kiss, then I rolled her onto her back and buried my face in her pussy. Gigi seemed to love this and held me down, making me work her quim for several minutes. While I lapped away at her clit and pussy, I gave myself a wank, and when eventually Gigi squirmed and squealed and appeared to have a very nice little orgasm, I was already getting nice and stiff.

After a little recovery time, Gigi was eager to return the favour, going down on me and getting my cock really hard. Time for a condom and once this was in position, for her to get her kinky boots on. It took a moment for Gigi to understand what I was asking her to do. Then she delved behind the cupboard to bring out her boots and with a little help got them on.

Gigi looks sexy enough as she is, but in snug fitting, black, shiny, over-the-knee boots, she looked so hot my cock seemed to grow another inch. She bent over the bed, thrusting her rump in my direction and taking the hint, I moved in from behind and allowed her to guide me in. I set to,

pumping away, thrusting deep into her tight young quim. Gigi groaned in appreciation. Having enjoyed her lovely body like this for a little while, I decided it was time for a change of position and got her to roll over onto her back, she was still at the edge of the bed, with me still standing on the floor beside it. I pushed her legs up onto my shoulders, and leant over her pinning them back, so I could thrust my cock really deep inside her and set to pumping away again. It was awesome, and Gigi seemed to be having lots of fun too. After another few minutes, I encouraged her to shuffle further onto the bed, and scrambled up onto it to, still with her legs pinned back, so the heels of her kinky boots were almost against the wall behind her. I banged away eagerly, with her rocking up to meet me. Gigi was making loud moans of delight, which grew in frequency and volume until she seemed to come.

Panting I paused for a moment, as much to catch my own breath as to let her come down. Then she asked if I'd like to try some anal. I pondered my answer - for maybe a millisecond or so - then I grabbed hold of the bottle of lube. We spread it around liberally, and then I lifted her legs up high again so I could get easier access to her nether portal and Gigi guided my cock to its target. I tried to squeeze in, but it wasn't really working. After trying this way for a bit she suggested perhaps she should turn over so we could try it doggy style. I agreed, and she quickly assumed the position. Once more we guided my cock up to her rosebud and applied increasing pressure until her ring opened and I eased up into her bottom.

My god Gigi's bottom is tight! "Gently!" she hissed, as I pushed a little deeper. I obliged. I had no intentions of taking any liberties anyway - with such a snug little orifice, no way was I going to give her a vigorous pumping. An utterly awesome session of anal sex ensued, long slow strokes, with Gigi pushing her bum high in the air, her face in the sheets and her hands against the wall to brace herself as I gently thrust my swollen knob in and out of her glorious bum hole, letting my excitement build bit by bit until I could hold back no longer and with a bellow exploded in ecstasy deep in her bowels. I shuddered and shook and finally tugged my cock out of Gigi's fundament and collapsed back onto the sheets.

Gigi quickly and discretely disposed of the condom and then slid into my arms to give me a warm cuddle and lots of little kisses, seeming even more delighted than I was with the result of our erotic activities.

The main action might have been over, but Gigi ensured there was a proper wind down, making the end of the punt as good as the rest of it. She led me to the bathroom, where we found the bath she'd drawn for us to enjoy at the start. It was a bit chilly by this stage in proceedings, but this was a matter soon resolved by draining some water out and replacing by some which was piping hot. She joined me, washing me and rubbing herself against me in a manner which I were a little younger would have certainly brought me to attention again and I couldn't resist caressing her lovely body in return. We climbed out and I got myself dressed while we chatted. She helped me into my shoes and socks and then a delicious kiss and cuddle farewell, before I headed out onto the streets again.

Overall:

My first visit to Gigi was so good, I was doubtful the second could live up to it, but if anything it was even better. She's definitely my kind of girl, slightly shy and hesitant to start, but once we get started so eager to please, and so skilled at doing so!

I think I have no choice but to add her to my list of Asian Superstars - a good thing since before seeing her the active list had dwindled down to only two.

Recommended? Most definitely!!
