### The Premises:

Good convenient location close to station. Also in block of flats so quite discrete. Occasionally walk past residents but as far as they are concerned, you live or work there, so no concerns.

Place is clean. Staff are very friendly although occasionally can be a bit abrupt when you speak to them on the phone. But otherwise very professional outfit and I feel safe there. In the waiting room, girls are friendly and I think they feel it is a good place to work.

### The Lady:

looks like late 30's, possibly early 40's. Stylish and warm and friendly. Stunning body - a real woman's body. Matches photos, although the face is blocked out.

### The Story:

So this is my first review but I felt that Sammi deserves a special mention because she provided more than just relief from life's tensions and stresses that took me here. I believe she is new to the London scene and so is building her reputation and so I wanted to support her by writing a review although up to now I tend to read rather than write.

#### The Encounter

Her body is stunning. The right curves and warm and has that "womanly" feel to it. Also her french accent is an aphrodisiac in itself. And her personality is engaging and lively - bordering on wild. She has a lot of spunk - no doubt but she is so friendly and engaging it is by no means intimidating.

She made me feel very comfortable. She has a strong personality and at times took the lead. And I was happy to follow as she has such a compelling personality. She taught me how to handle her - how to touch her in an stimulating way and also how to hold her hips and told me how women liked to be touched and all the time she was saying this, we were doing it and it felt great.

Afterwards, I left feeling enlivened, relaxed and also more aware of women's bodies than I have ever been.

What really surprised me was when Sammi told me she does this only once a week and does it for

fun - not for a living. It is truly unusual to come across someone who simply loves sex - and it shows.

If you want something more - then experience Sammi. I will.
