The Lady:

Katie had very long dark hair, probably down to her waist I would say. She had massive tits which looked pretty natural to me and she wore the most incredible lingerie. Her eyes were big and dark, something which was very attractive and alluring to me.

The Story:

i was staying at the De Vere hotel in the city and I had arranged for Katie to meet me at my room, she arrived a couple of minutes early, which wasn't really a problem. I opened the door and greeted her, she was very polite and asked me how I was doing, but wasn't too personal or intrusive about what I was doing here. We chatted for a while, while enjoying a drink. After around 10 minutes she started to get undressed and we got down to business. We had sex in several positions before I finished. I had a really enjoyable evening and will certainly book again when I am back in Nottingham.
