The Premises:

Very nice mews house in South Kensington. Easy to park nearby, and easy to find. One of the best places I've visited in this business, and dread to think what the rent is. Her room was large, warm, and had a good bathroom. I'd have happily moved in, and not just because 3 or 4 sexy Romanian girls live there.

The Lady:

Nicolette is a fabulously sexy girl. I was a bit disconcerted at first because she looks a lot like my GP (who is a particularly hot young Anglo/Indian). Though I don't suppose my GP has had a boob job, though next time she's checking my blood pressure I might ask her.

Anyway, Nicolette is petite, with a lovely arse, and big pert enhanced tits. She was dressed in a mini dress, which I much prefer to just knickers and bra, but what doesn't come across in her photos is her engaging personality. Whilst her English is not fantastic she tried hard to joke and flirt with me. She has a very good attitude, was charming and smiled though out our encounter.

The Story:

I was welcomed in and up stairs to her room. We exchanged pleasantries and sorted the paper work. We were both quickly undressed and I drank in the sight of her wonderful bust, I got her to turn around and bend over so I could feel her peachy arse. I was soon in her mouth and she proved to be very good with eye contact and a cheeky smile. We fucked this way and that until I asked for A. She hesitated, mentioning my size (I'm not that big), but went for it, and slowly opened up enough for a gentle ride. I eventually got her to kneel in front of me and she sucked me off into her mouth.

It was all over too soon, though not enough time for round 2. We chatted a bit, the best she could, then I dressed and left thinking I must do the lottery this weekend. If I win I'll move in next door, and get her to pop round every morning.
