The Story:

Carla's been on the must see list for some time but it wasn't easy synchronising our availability. There were two very big reasons for wanting to see her which her photos make very apparent and they were every bit as good in the flesh. Her long string of positive reviews also influenced the selection process.

The first thing she said to me when she entered the room was "you're lovely". She probably says this to all her clients but it works for me in breaking the ice very effectively. We then kissed passionately which is something she said she really enjoyed doing. It wasn't long before I started to worship her wonderful assets with her encouragement in between lengthy bouts of dfk. I elected for intercourse in missionary to start so I could continue the dfk before moving onto cowgirl at her instigation to enable me to continue to admire her upper body.

She also told me that she really enjoyed being kissed on the neck, having her toes sucked and being spanked all of which we managed to find time to do. The finale was owo with cim finish which she spat discreetly - swallowing is one of two things she doesn't do.

Carla's definitely in the upper echelons of the premier league of incall providers. 30 minutes was however clearly way too short to enjoy all her talents and I undertook to book an hour the next time I see her.
