The Premises:

Now well known, safe and discreet. Spotlessly clean, elegantly decorated and blessed with the reappearance of the receptionist I used to fancy and now do again.

The Lady:

Jet (who deserves a more romantic name) is a gorgeous lady. She looks younger than her given age with a very pretty face, she has a spectacular but not at all vulgar curvy body with (skilfully enhanced I guess) boobs to die for and a bum to kill for, all wrapped in a delicately tanned skin. I had slightly surprised myself asking for her on a whim on the phone but struck gold.

The Story:

Even though I knew Jet had just had another appointment where the punter had arrived late, she was calmness itself on arrival, completely attentive to my possible wants, chatty, cuddly, kissy and gorgeous.

I chose to start by massaging her in case she had rushed from the other appointment - and I wanted my hands on that body. She chatted easily and we were friends by the time we both wanted to move on. Jet finds the perfect balance of doing what I wanted and suggesting other things.

She kisses with impact, she sucks (without but not sure if always does this) with flirty looks and I was just loving it all.

She asked if I would do oral on her and then together we got her to her aim of coming.

Sex was from behind though any position would have been possible and Jet was fully involved. Afterwards we had a lovely cuddle.

Jet had a perfect mix of apparent positive freshness with being an expert coupled with great skill sexually and personally.

I left the room a happy man, squeezed Candy's bum (ask first) to check on her exercises and skipped down the Kettering Road one happy fella.
