### The Story:

I have been trying to see Morena for a couple of months and my last booking had to be abandoned due to a traffic jam on the M1, so I was pleased to be able to get to see her this time when I was in the area.

I paid extra for anal.

We started off with a bit of a cuddle and then I licked Morena from head to her pert little bum.

Morena gave me some good oral to get me hard and then put a condom on me with her mouth all of which had me on the edge. She knew I love anal but because of my size wanted to be in control so she came up on top cow girl and after a little bit of trusting in her tight pussy she squatted over me and eased my ridged cock into her even tighter little bum hole. The sight and sensation was too much and I shot my load before getting right in.

After a little rest she gave me a good session of oral and I licked and fingered her pussy and extremely tight little bum hole.

Next she covered me up again and lay back for me to enjoy some deep stick mish. I slipped out and bent her further back so I could access her bum again. She guided me in and I got about half my length for a few minutes but I knew she could not take me all the way and as I did not want to hurt her I pulled out.

After a little rest she covered me up again and I got her to bend over on the bed so I could slip into her sweet little pussy for a good pounding which result in a very satisfactory second cumming.

I was ready to leave by this time but Morena pointed out I still had time left and I might squeeze out a third one. We spent some time chatting and although I was getting firm again cuddling her gorgeous body I knew I would be pushing it to manage a third helping in an hour so I got dressed and left very happy, especially when she said she found it hard to believe I am as old as I am.
