The Premises:

At South Ken tube you turn left at the top of the stairs and turn left again to avoid walking round in circles which is what I did

The Lady:

Millie has darker skin than her photos suggest and on arrival was wearing a checked shirt before changing into a black dress. She was a pleasant and friendly and accommodating girl.

The Story:

We began by sitting on the settee making general conversation. Who killed Lucy Beale et cetera. Then I made my move and unzipped her dress. Normally I care much for enhanced breasts but Millie's were a work of art. I fondled them for a minute or so and then undressed. Millie knelt down in front of me and sucked my cock. Next we retired to the bed. Millie climbed on my face and I ate her pussy for ages God, it was the best pussy I have ever tasted. I wiped the pussy juice off my face but Millie wasn't comfortable French kissing me after that. We moved on to mish before she put my cock in her mouth once again and I finished with one of her famous snowballs, a first for me. After I swallowed my own come Millie informed me that she doesn't do likewise. Can't say I blame her. It tastes funny. A was on offer but I declined. Next time, perhaps?
