The Premises:

Flats round the back of Hanham. Her's is a basement flat, and you end up in a absolute tip of a room that wouldn't know what a Hoover looked like, with no natural light, and open clothes rails with enough clothes to keep every charity shop in Bristol in business.

The Lady:

I guess she might be in her late twenties. However through clear drug/alcohol use looks more like 40. She took off her top and her tits were like an 80 year old's (not even joking!)

The Story:

Guys, don't go near this place!

This girl used to be called Katie or Kate, and worked with Nicky. I saw her a few times previously, as everything was on offer then for just £60 or £80 for the hour. It was meant to be again, though through the change of name and location I didn't realise it was the same girl.

1. Clearly on drugs
2. No condoms (she did owo, which frankly I was a little concerned about given her state)
3. Kept disappearing.
4. Electricity in flat went out, and she had to find some mney for the meter.
5. She sent her friend (presumably ex-Nicky, though I never saw her) out for condoms, and said she would be back soon so we could have a second round. I waited about 1/2 hour by myself in the bedroom, and she text me to say wouldn't be long (bear in mind she was only in the other room)! After about 10 text and a further 10 mins, I could hear her talking to a man, so I got dressed and scarpered.

As I say used to be ok for a quick one, but the drug/alcohol abuse has now got it's grip. Sad but true.

Avoid like the plague!
