The Premises:

A flat very close to Imperial Wharf station. Nice area. Good bathroom and she was happy for me to use it and shower after. Best to take the lift as she was high up...

The Lady:

About 5' 5" tall. Slim. Blonde hair, blue eyes. Good body, nice size breasts and bum. She is the girl in the picture but some (minor) air brushing has taken place. She has moles on her boobs which I loved, but for some reason are airbrushed off her pictures.

The Story:

My first disappointment was that she was not the petite 5 foot girl advertised. I had been looking for a smaller girl so that was a bit frustrating. But she certainly is attractive. So I stayed.

But on trying to get down to action it turns out she does not DFK. She let me kiss her lips but her mouth very much stayed closed and occasionally she would try to turn her head. I went down on her for a bit. She seemed quite receptive to that. But when we switched it appears that there is no OWO as advertised. I didn't complain as she was good at it. She took some directions letting me position myself standing in front of a mirror for a good view, until eventually I came.

Then a massage. Ok but she did not seem to be into it and towards the end it was very much just fingertip stroking. About 30 minutes in she said she had another customer in 15 minutes. Not great and she did seem to want to finish things up. I was 5 minutes late to the appointment to be fair, but I don't think that justifies trying to get me out of the door after only 45 minutes when you've paid for 60. I joked about fitting in round 2. She didn't seem that keen about it but after some polite talk on with the covered oral until I got hard. Then into doggy. I liked her rear and slowly upped the force of my thrusts. She commented that she does not do anal (to be fair she isn't advertised as such). I had a good go at her for quite a while until I came. As soon as I did we both knew that I was going to get dressed and go out the door.

Apparently she has only been in London for a week. Her English was ok – not brilliant – we got by. A good body that looked great in a figure hugging black dress but I don't think I would return. I did

pop my load twice but had to press a bit for the second round. Shame as the potential is all there.
