The Premises:

We used the flat opposite to the main flat which I much prefer, plus we had the larger bedroom which has loads of room. The flat is spotlessly clean and really tidy, temperature was just right as well. There's loads of clean fresh towels, which was great as I had a shower before the fun and definitely needed one after, the after shower Foxy jumped in with me which made it even better.

This is no fault of the agency but the parking was terrible, not a single standard parking bay and I had to use the premium bays which were further away from the venue, when you combine this with the road works coming off of the M1 I was 2 minutes late, doesn't sound like a great deal but I dislike making people wait for me.

When I knocked on the flat door and the maid greeted me, it was the same maid who in January had decided to bang on the door 15 minutes before the end of my time, I enquired if she was likely to repeat the experience and was informed she had been told not to, I would like to thank you for not doing the same again.

The Lady:

Please bear with me on this:

The Saturday before my visit I was out shopping and had decided to have a coffee, whilst sat in the shop there was a group of ladies sat opposite me chatting away, one of the ladies caught my eye out of the group, she had a really nice smile and a naughty twinkle in her eye, she wasn't dressed to impress and had a baseball cap pulled down, but there was something about her. Trying to not make it look too obvious I carried on watching her and then it hit me, it was Foxy, I mean I've seen her photos on the site but this woman is absolutely stunning fully clothed. I didn't make a fool of myself and show her up, I just finished my coffee and left, later on I tweeted her asking if she had been at the coffee shop and she confirmed she had been, then I checked out the rota and saw she was working on the 25th my birthday, it was fate I had to meet her.

I can honestly say Foxy looks even better out of her clothes than when she's in them, she took great delight showing me her new outfit was crotch less, now I've read some reviews stating that Foxy isn't as "Firm" as her pictures and that she showed signs of having children WTF !! Foxy is 100% woman, a few marks and scares doesn't take anything away from her, she is absolutely perfect.

The Story:

Please don't make the same mistake I made and try to book Foxy on the day, this lady is very popular and for good reason she is a sex goddess.

I was shown the room and opted for my usual pre punt shower, what with the traffic and parking I was stressed to the max, whilst in the shower I could hear the familiar clip clop of high heels on the floor, this always excites me knowing full well what's waiting for me when I finish.

I came out of the shower and there stood Foxy, in heels I'd say she's about 5'9" I got a big smile a cuddle and her tongue straight down my throat.

She then told me to get on the bed, who am I to argue, this followed by more cuddles and DFK. Now I had read reports about Foxy and was a little bit concerned that she might be a little too much for me, so I threw her onto her back and proceeded to eat her pussy, Foxy held her outfit to one side allowing me full access to her pussy and bum, I absolutely love eating pussy and Foxy's is one of the best I've eaten, she made all the right noises and got very juicy indeed.

She then pulled me up and demanded that I cum for her, what followed was one of the best blow jobs I've had combined with a lot of spitting and deep throat action, Foxy didn't stop sucking when I CIM and just said my spunk tasted nice and sweet.

Now normally I'm a shot show and end up passing the time chatting, but not with Foxy out came the toys and she asked me to lay on my stomach, she pulled my bum cheeks apart and pushed her tongue into my hole, she then proceeded to push a small (I do mean small) vibrator into my arse, this had the desired affect or starting the stirrings again, she then told me to turn over and there was more oral in the 69 position, Foxy had left her rabbit out for me to use whilst she continued with her blow job, I made her spasm a few times as she came for me, her legs went all shaky which is a big turn on and then she managed to get a second load out of me.

TBH I was done by now but Foxy informed me we had enough time to do it again, are you kidding !!! I'm sure she was trying to kill me, all the time she was laughing and joking and talking dirty. I managed to get my cock out of her mouth and asked if she would have a shower with me, which luckily for me she agreed to, but even in the shower she was still trying to get me hard and get another load out of me, this woman is insatiable.

A really enjoyable punt with an amazing woman, one thing Foxy did reveal is that she does squirt and if she does it's quite a show, so that will be my next goal when I meet her next, that's and to make sure I get out alive.
