### The Premises:

Spotless, discreet location in the city centre. Room at the right temperature and very tidy.

### The Lady:

Tall; early twenties; long, straightened black hair; matched exactly the pictures. She was wearing a tight black bodice and red high heel shoes. Endless legs in black tights. Looks straight in your eyes to gauge you.

### The Story:

I was starving for sex after a long period of abstinence so I came slightly early at the appointment, not wanting to miss a minute. After waiting until the appointed time she appeared with a wide smile and the attire described above. This was enough to forget all the past weeks without sex. These long limbs! This almond shaped-face and perfect white teeth to illuminate it! Her eyes, though dark, had the most inviting spark and I sprung from my chair to get closer. I must have had a hungry look because she was slightly taken aback. I did not want to explode immediately so I explored her neck and body with my lips and the tips of my fingers, also giving my hands the time to warm up. I was a bit rough when I turned her to go down on her both sides, so she told me off with a snappish: "gentle!" She has got poise, this one. Love it! And so we slowly made each other's acquaintance, with her soon tickling my tits and shaven dick. I then invited her on the bed to start a serious exploration of her nether regions. She invited my hands on her breasts to pinch her black nipples while doing so. She was on her elbows so we could look straight into each other's eyes while I was licking her black-lined cunt and lapping her juice. This was the moment when we understood we were going to be good, regular friends, I think. She came after a while in my mouth and this was the cue my dick was waiting for. I took her from behind, hitting her soft, perky ass and miracle! I lasted longer than usual so that she also had her fair share of red-hot pumping. I knew my dick would love it so much too it would want more time inside her, just like my tongue! After the big event I still had plenty of time to let my tongue, lips and fingers wander on her tan-skinned, soft and ticklish body; sometimes on her nipples, sometimes behind her knees, sometimes on her ass. Endless pleasure and laugh on both sides!

She left with a beaming smile and so did I.

I want more, and more and more of that please.
