The Premises:

Neighborhood was non-assuming I didn't feel uncomfortable although I am not from here so no worries regarding anyone spotting me.

The Lady:

Sexy! Ruby is very kind and passionate right from the start. I would say all in all she matched her photos well. She is about 5'7" although we weren't vertical for very long on this occasion. She has nice soft breasts and a very nice bum, her mouth is made for DFK and she knows how to use that stud (more on that later). I wouldn't put her in the "knockout" category but she is attractive and it's certainly no factor in the overall experience. This particular day she wasn't wearing makeup but that didn't bother me at all, in fact it was a bit refreshing and nice to see some natural beauty.

The Story:

This is my first review and I'm sorry it's so long so here's a summary,

DFK (throughout) ****, OWO 2-3 times ****, 69 *****, missionary *****, doggy *****, cowgirl ****. total 27/30 HIGHLY RECOMMENDED

In a word; amazing! Things started a bit slow and nervous-y on my part, however the minx undressed quite quickly and started kissing me passionately. She is very sensual and I had no choice but to melt. I nervously started to explore her body when she asked me to undress. I did of course, and soon my hands went back exploring her wonderful body, this time with fervor. Her breasts are a nice handful, very soft and her bum is nice and tight.

She laid a towel on the bed and asked me to lay on it. Then after a quick wipe down she started OWO (without condom and without asking!) I was immediately in heaven. Her tongue is pierced and I have not experienced that feeling before, maybe I've had a girl go down on me with a pierced tongue I don't recall, but they were obviously missing the point. Ruby would strafe her tongue left and right as she slowly withdrew from my cock which felt incredible! She also sucked and licked my

balls for my first time!

There was sadly only a single mirror in the room but this was the only moment that it's presence was appreciated, the view I had while she was going down on me made me go bonkers! I commented to her how nice she looked in the mirror and asked for 69. I must admit I had some stigma about doing this with a WG for personal reasons so I didn't quite get on as enthusiastically as I would have liked. She was very clean which did go VERY far in my ability to stay comfortable, anything less and I may not have been okay with RO with a WG going into the future. Now that Ruby has broken that stigma I can say she was almost TOO clean in the end. There wasn't enough scent, taste, etc but I'm sure I could have helped out in that regard had I been more enthusiastic! Next time Rubes ;)

I asked twice before my request was granted to move onto sex (I started to lose my erection for the above reasons). She fetched the condom and did that neat trick where it just appears on you and I asked for her to start on top. Unfortunately I had lost too much blood flow so I got on top knowing I wouldn't have any problem returning to form after taking control a bit. Unfortunately I immediately swung completely to the opposite side of the spectrum and after not long of light thrusting I couldn't hold back my orgasm! It didn't help that shortly after I penetrated her I had found her sweet spot and she was moaning which I could not for the life of me block out! She asked for me not to stop and said something to the effect of, "I don't know what it is, you've found the perfect spot don't stop"...I was doomed! haha. Luckily I have a secret counter measure and was able to orgasm but control my ejaculate (being multi orgasmic is worth every bit of the practice it takes to get there). She sounded extremely disappointed as she inquired about me cumming. "No worries I had an orgasm but did not cum. I'm definitely good to go now that that is out of my system!" Then it got WILD.

We did missionary for awhile longer while she came loudly multiple times confirming that sweet spot, then asked me for doggy which she probably gave me the best of my life; pushing back against me in perfect rhythm, taking on the efforts to let me rest, SLAMMING herself onto me, cumming again and again, and changing her body position and angle appropriately. We were both on fire! We got to the point where we were showing fatigue and I knew time had to be running out so I figured I better prioritize my finale. I asked for her on top and she just giggled under her breath as she collapsed like, "you WOULD ask this of me" I got the feeling that she would have done anything for me and not just due to her job description if you know what I mean ;). I wasn't hard enough so she took off the condom and took me into her mouth which got me hard incredibly fast, back on with a new condom and she climbed aboard obviously not watching the clock at least that I could detect. I took her breasts in my hands and let myself fall deep into the moment, I was on cloud nine! I had an insane orgasm.

After that she wiped me down (SO sensitive) and kept asking if she could take me home! haha I was drinking my glass of water when she took it from me and started drinking some herself, we were on the level at this point. She showed me how badly she was trembling, if the water glass would have been full most of it would have sloshed out on the floor! Until that moment in the back of my mind I had been wondering whether all the orgasms she was having were real.

I can't be certain; she may have been putting on the most incredible act I've seen for which she deserves FAR better pay, like Oscar winning actress pay, but I honestly believe that we had an unusually mutually beneficial experience. She was very endearing and sweet as she let me out, I have a feeling she really didn't want to!

Theres one more detail that came at the very end of our meeting but I think it's better left between the two of us ;)

this was my first time seeing a WG so I expected this to just be a "test" in my ability to relax in this situation as well as merely go through with it! I was expecting to leave not necessarily pleased but relieved that a few lessons were learned and I can take the wisdom with me during my next experience. Instead what I got was basically what I DREAMED of the first time out! The bar is set so

high I'm not sure how to even move forward!
