The Premises:

Despite initial confusion about which generic looking apart/hotel it was, the place was very nice - clean, modern, roomy and even had a waterfall shower in the bathroom.

The Lady:

Hubba Bubba! Scarlet has an amazing body, sexy long legs, slim waist and amazing boobs! She is also a very beautiful girl whose photos do not do her justice at all (and they are good photos!)

The Story:

I have met Scarlet before and although it was possibly about a year ago; she remembered me and knew what I did for a living and about my family life, which was nice as she gives a true girlfriend experience and you feel like she does care about you, though you wouldn't expect her to remember things like that.

We decided on a little role play with her as the naughty 6th former and me the Head Master and we had a bit of a giggle with that and some spanking which she seemed to enjoy ;-) then she was very quick to get my cock in her mouth which she expertly brought to full attention. After a few minutes of that and before I got too carried away; I laid her on the bed and kissed down her neck, breasts and tummy until coming to her succulent pussy. If I say so myself; I'm a bit of a master down there and got Scarlet very aroused, very quickly and soon she was enjoying what seemed like a never ending orgasm! Despite the now crick in my neck and throbbing tongue, being the gentleman I kept going until she seemed to be calming down again! When someone as beautiful and sexy as Scarlet who obviously has more sex than most, given her chosen profession, turns round and pants "my god, I'd forgotten how good at that you are!" You can't help but feel a little bit like a boss!

Here's where I would like to say that she pulled a rubber over my bulging cock and I fucked her in every conceivable position, seven ways to Sunday... but unfortunately I am not as fit or as young as I used to be and truth be told I was a bit overtired so wasn't able to rise to the occasion :-)

I felt that Scarlet was genuinely disappointed as she is a very horny young lady and I had worked her up into such a state that I think she both needed and wanted a good fucking. Instead we just lay

and chatted and cuddled for a while, before I got dressed and left. I'm sure I could hear some buzzing noise coming from behind the door as soon as she closed it though!

Scarlet is sexy, witty, charming, intelligent and fun and if you are thinking about seeing her then do; you won't be disappointed!
