The Premises:

Yet another punt at the Ibis Hotel near Aldgate East tube station. There is a bar there if you are early.

The Lady:

A swiss/Romanian mix. Tall with long dyed blonde hair and large breasts (enhanced). She was friendly, but very business like.

The Story:

I am not a fan of fake breasts, but these weren't too hard. The problem was that Lorena wanted me to be gentle with them. No problem with that, but she was rather mechanical and the session was rather reminiscent of a soho walkup. She gave me covered oral and then we had sex in the doggy position. I could feel myself cumming early so, with her permission, I removed the condom and came a sizeable load over her breasts.
