The Premises:

Well known. Was evidently very busy but the receptionist organised everything so well - and explained what she was doing - so it was no issue at all.

I love the look of the upstairs showers and this time I cracked the code to make it behave.

The Lady:

Early 30s she told me but could pass for considerably younger and in any case the manner counts more than the age.

Slim, considerably slimmer than her pics and slicked back blonde hair. Lovely clear eyes that look at you in disarming fashion. I was drying off when she walked in but she refused to take the money from my jacket when I suggested it to avoid any question of impropriety - can't complain about that attitude.

The Story:

It's only now as I write this I realise I never saw Pixi take off the white underwear she came in wearing - such was the immediately relaxed attitude between us.

We lay on the bed, she let her hands wander and after visiting both boobs I tried a kiss and soon met a tongue and enthusiasm.

This turned out to be the theme. Pixi acts as if she is there for your pleasure and gets pleasure out of you enjoying yourself. Nothing I did was not encouraged and not enjoyed so that added to the ease of our time together.

So - much kissing with tongues (hers has a stud), owo, reverse o, fingering, anal play both ways, different positions - all became like a natural sex session with a willing partner and Pixi certainly gave lots of evidence of enjoying and appreciating everything.

And all this with virtually non-stop chat or appreciative comments or noises.

Total, total pleasure and enjoyment. No idea how long we were together but we sure did a lot and several times.

I have found a brilliant lady who will be great to visit again and again.
