The Premises:

An attractive and private apartment but in the midst of one of the richest and busiest bits of London, so getting there and hanging around outside in view of jewellery store staff and tourists and pub folk felt exposed. I never used the bathroom so can't comment. A light and airy bedroom up the stairs.

The Lady:

For an Asian quite tall, big boobs and a fine curve to the hips. Black hair, quite long, some tats I think but not sure now. This woman to be ID'd as Hitomi - I say that cos I used the website before and was sent to other places and met other women in previous years - was probably in her thirties but not really pretty at all. She wore a nice dress. I don't believe she was Japanese. Most likely Chinese.

The Story:

After greeting me I was invited to take a massage which seemed to involve lots of powder and oil and even a bit of body to body which did nothing for me because she really wasn't pretty or exciting. So why did I continue with this app, you ask? Well, I can only say the wine fuddled my brain and maybe the postcode did too. I turned over and she did some more massage, quite delicate and deliberately tickling to get the skin tingly, then a bit of chubby and on with the jacket.

Now, I said quite clearly when I rang that I was looking for a gfe and I said this because Hitomi has a special character as a Dom and that wasn't what I wanted. She said yes, a gfe is possible, but what kind of gfe is it when the woman will scarcely kiss, won't let you stroke her pussy, much less massage her anus, doesn't seem much keen on even letting you touch her boobs? After a bit of ovc she insisted on missionary and that's when I discovered all these things were off limits. I tried a bit of doggy - her best pose - but already she was moaning about how I too big and well, I lost interest, gave up and went home.

Silly me, I thought going up to £200 p/h would give more security, more chance of meeting a babe, but no. I've met dishy Japs before but the trouble is they waste so much time setting us up to pay good money for old rope. If she'd been a bit more of a gfe, shown some enthusiasm, not vetoed everything, I'd probably say it was good enough, but no. Not recommended. Overpriced for her looks and lack of commitment and didn't do what I asked for. Another failed mission.
