The Premises:

Downmarket place near Warren Street with bedroom furniture so old it has received a telegram from the Queen. Tracey is advertised as Hot Black Cathy on the card in the phone box.

The Lady:

Approx 5'9", pretty Ghanaian aged about 30, it was she who answered the door dressed in a short blue skirt and a sleeveless zipper top, and hair tied in an Ena Sharples hairnet. I do like it them to greet me in their civvies rather than in sussies. Tracey pointed out to me the don'ts which included no kissing, no pussy licking and no fingers in my bum. Normally I would have walked but attractive black ladies aren't so easy to find. Then Tracey let her hair down, oh mercy!

The Story:

Tracey sucked my cock and we fucked but most of all she took great delight in wanking my cock with one hand and teasing my nipple with a fingertip of the other hand while informing me that I belonged to her big fat black ass. She was no clock watcher and I was in overtime before I splashed my load all over my stomach, which I then cleaned up by using the ensuite shower.
