The Lady:

Her photos are exact, definitely the girl in the pictures, even her hair is exactly the same. She is a real beauty, a happy and slightly cheeky and naughty manner.

The Story:

I had planned to see her for some days and had made the booking well in advance and confirmed all details on the day. I had decided I wanted anal with this girl and she was very obliging although I think maybe not as experienced as I first thought. She was wearing black stockings and matching bra and panties. We had a funny start when she decided the bed wasn't presentable and I helped her make it. She has breast implants but they are very well done and she has an excellent body with flawless, perfect skin. She is a good kisser, changing between DFK, to light flicks and also sucking lips. She gave excellent BBBJ and seems to like this. We started with doggy position and she took it quite hard and with enthusiasm. I immediately started playing with her ass and told her to hand me her lube. She instead got a lube called "Analeze". I am not sure about using this because maybe the girl isn't relaxed but she did it and took me very well. We did anal in a couple of different positions and she is keen to please. BBBJ to CIM at the end, with my on my back and her leaning over me, my cum dribbling down her chin and her reaching for some mouthwash next to the bed. She offered me a drink at the end and also asked if I wanted to have a shower, even though the hour is up. Very good. Definitely will see again when I can. Very good girl.
