The Story:

The thing I like about this type of agencies is the variety and even if it happens to be a 'hit and miss' date, still the cost isn't so dear. My first option was not available so I had to rely on the agency to recommend me someone and so they did. I had some requests that they actually did pass them through and made it happen. About Angelica, greeat girl, mid-late twenties, pretty face, great ass and boobs. I found some reviews about her after and they definitely say what I had experienced. Thanks for the agency for arranging it and Angelica to actually be more than expected. Trying to figure out a good time next week to visit her again.
