### The Premises:

The usual place near Warren Street tube.

### The Lady:

Mature, brunette, slim with a tight physique as the Americans would say, small breasts, unshaved between the legs. I'm pretty sure the photos are of her.

### The Story:

Sammi first came onto my radar when her profile was first put up. My punting instincts were telling me that she'd be worth seeing but it took a while to synchronise availabilities. When we did, it turned out to be highly enjoyable but not for the usual reasons - she was a laugh a minute.

She's reportedly French and initially I wondered whether she might have been Romanian pretending to be French to hide her true origins but having met her I am certain she hails from somewhere a lot closer to Calais. There was a lot of dialogue between us, mostly in Franglais, and this overshadowed the normal punting activities but I'm complaining as I was really enjoying the conversation.

Proceedings started normally with a kiss, a French one naturally as she showered me with compliments while I explored her body. This led to a lot of chat and in between we managed to find time to dfk and for her to perform owo in what she calls the French way - very slowly and gently which is different from my normal experience. Before I knew it, it was almost time and I asked her to finish me off by hand as her profile says she doesn't do cim. As I left, we both said that we need to meet up again soon to complete unfinished business.

Concluding, Sammi's well recommended for those looking for a lot of fun and laughs with their punt. A couple of hours later I was still chuckling to myself over some of the things she'd said.
