The Story:

It was my first time, and I have a disability and was very nervous. Donna was very kind, very understanding, a very warm personality, very patient with my jitters. We kissed and cuddled and I gave her aural which we both enjoyed, she then gave me aural from which I came. I also felt and sucked her lovely breasts which, in her words, "put a smile on my face." After this we sort of chatted till time was up, she would certainly have done more, a massage and full service, but for me for a first time it was great just to relax and be at my ease and get comfortable with the situation. A very lovely place, everyone very nice and friendly and helpful, definitely planning on returning ASAP.
