The Premises:

Katia was working out of one of the Chelsea Cloisters flats. The flat was OK, clean and tidy. Nice light, even with the curtains closed.

The Lady:

Katia is a Latvian lady, she has a few tattoo's which she did mention. One on her arm and a few other on her body. all small. Katia is fairly pretty, slim and approximately 5'8 in height. Katia advertises on 2 posting websites Backpages and Vivastreet. The pictures on Backpages are of a stunning, gorgeous lady. This is not the lady I met. Katia's real pictures are on Vivastreet. I found this out after my visit.

The Story:

After a few failed attempts to book Katia I final managed to get to a booking that worked for me.

When I called Katia, I asked her the obvious question 'Are you the girl on the website, backpage?' she replied Yes that is me. When I turned up to her door I found out she lied. Unfortunately my home internet was down and I could only vaguely remember what she looked like. I wanted a bit of fun and thought she would do. Its times like these I should learn to walk away.

After discussing the do's and don't I handed over the money.

I asked her to wear a 2 piece outfit and she only wore 2 pieces, top and skirt no lingerie. A bit silly but not the end of the world. I took her clothes off and caressed and stroked her as I went. I got to her boobs and she asked me not to touch her boobs as she was very sensitive! I do like a good touch and feel and this put a stop to that.

I was there for a mutual massage, so she started on my back. This was the most limp massage I have had. No energy or effort. This went on for 10 mins and then I started massaging her. She laid on her front and she asked me to start with her back. My hand was already on her bottom. I gave her a shoulder rub and moved down slowly. I parted her legs and started rubbing her vagina. Katia said she didn't allow fingering and reminded me when I was getting too close. I asked her to turn around and face up. That way I could get a better feel and view. There was small conversation about what I was doing to her and her response. Eventually she gave in and allowed me to go deep

and finger her. With 2 fingers going in and out I could feel her getting wet and twitchy. She was enjoying herself. I could feel the muscles inside her go as well. At that point she stopped me and said its my turn.

Once she had finished with her phone, she got a condom out and started giving me oral. She did not return the favour. Her lack of oral skill made me go soft. She only covered my foreskin with her mouth and used her hand to rub my shaft. This didn't do anything for me and she was surprised I didn't cum. After a few minutes of trying to do oral she gave up and used her hand to make me pop.

Katia, cleaned up the message and said my time was up after 40 minutes. I said I booked and paid for an hour. To which she replied 1 hour - 45 minutes its the same. I was annoyed but couldn't see what else to do with her or spend anymore time with her, so I got up and left. In hindsight, I should have asked for some money back.

Overall experience was lame. Katia look nice, but her service is a shame. Poor massage, poor oral skills and that's what she was selling! Guys best avoid her.
