### The Story:

I have visited London Retreat from time to time and have never been disappointed. There is a friendly welcome and a drink is offered. The lady discusses your requirements and limits for the session. You are then left to prepare yourself for the role-play and the lady (sometimes with an assistant) returns to carry out the agreed session.

I had not seen Lauren before (I haven't normally been there on a Thursday) and was stunned by her beauty and straightforward confidence. I explained that I liked sensual domination and did not wish to over-specify what might happen (it wouldn't be submission if I did). I said that most things that took her fancy would be ok including punishment without lasting marks, bondage and electrics.

Lauren is a natural at picking the right tone and the session was brilliant. My treatment ranged from seductive to quite cruel ("let's see which testicle can take more pain"; "I warned you that you would be gagged if you made a sound"). A lovely end to the session with pleasure and nipple-pain blended by an expert who can read my mind.

Wow! Visit Lauren if you want to blow your mind.
