The Premises:

Flat in MK, local area is mostly offices so would be busy on week days; possibly making parking difficult, but as this was a Saturday the area was pretty much deserted.

The Lady:

Romanian lady with enhanced boobs. A lot less blonde and shorter hair, than she appears in her pictures on the website and perhaps, in my opinion, not as pretty as the same would suggest.

The Story:

Not sure what to make of Eve, I found that there seemed to be no passion in what she was doing, now I know that this is only a job but most of the girls I've had the pleasure of meeting from Annabellas/MKE/HOD seem to put more soul in to what they do, making the experience for both the lady and the punter an enjoyable one, each getting something out of it.

That said we did do all the usual things she sucked my cock, with condom; which having read other reports this appears to be normal with Eve, which is her prerogative. We got into a nice 69 allowing me to eat her pussy, which I have to say was very nice. We then moved on to some sex, starting with Eve on top and moving to doggy, during which, very unusually for me, I came in her pussy. Which given all that I have said above makes this a somewhat mixed report.

The whole event having taken a lot less than the 30 minutes allowed. I did try to engage Eve in some small talk, to use up the time but without much success.

Please don't get me wrong I'm not trying to be down on the lady and others may have a completely different and more interesting experience with Eve than I did.
