### The Story:

I have wanted to see Scarlet, who is real sub, for sometime and eventually managed to fit in a visit a couple of weeks ago.

First of all Scarlet showed me her vast array of implements and equipment.

Then with me sitting on a stool and Scarlet over my knee I pulled up her long skirt to give her bottom a sound hand spanking.

When I finished Scarlet asked if I wanted her on her knees. I said yes, so she tied back her long black hair and took me in her mouth for a good session of deep throat oral.

I was close to cumming but wanted to fuck her so asked her to stop and move to the bed. She crawled over to the bed, expertly put a condom on me and lay back for some deep stick mish which lead to the desired result.

After a brief breather I got her to bend over the stool so I could give her bottom some more attention.

I used one of soft floggers, a paddle, a tawse and then a small cane to get her glowing.

Then around to her mouth for a quick suck before covering up and taking her doggy style still bent over the stool. Another satisfactory conclusion was reached.

We had a good chat about things before I left to head back to the M1 and home.
