The Premises:

Good Location in Covent Garden Area.

The Lady:

Busty, Facially ok and good looking body. Down side was that she has a dodgy butt implant which is saggy from behind.

Plus side is she seems to work -out, which shows.

The Story:

Definitely not going back to visit her, reason being that she tried to up-sell me at the start of the session. I had to cancel the appointment with her agency who demanded I pay the lady £100 for 30min.

I spent 15mins and didn't even get past touching the lady when she started requesting for more money. In all very bad experience please avoid. She does seem to like her job and comes across as just wanting to get as much money as she can from clients which is a turn -off.
