The Lady:

During my recent trip to London I had booked a girl from 00-44 for an outcall to my hotel. Just before my trip, Pat (who runs the agency) sent me an email saying that he had two new young ladies that he thought were 'just my type', both bisexual, and did I have time while in London to see them? The thought of a bisexual duo was very tempting, and after fiddling with my schedule, I booked Louise and Gemma for a morning duo at my hotel. One day I must have a good chat with Pat and find out what he thinks my 'type' to be, because when Gemma and Louise arrived at my room it was clear they were physically very different. Louise is tall, nearly 5-9, blonde shortish hair, very slim indeed, small breasts (although with large nipples), naturally golden skin. Gemma is around 5-5, long brown hair, pale skin with rosy complexion, very curved with full breasts. Louise is Lithuanian, Gemma is English. Their only common feature was their age – 22, although Gemma looked a little younger and Louise a little older.

The Story:

It was a warm morning, so the girls sat down and had something to drink, and then we moved to the bed. We started to kiss, and I encouraged them to kiss each other, which they did happily. From there everything flowed very enjoyably, clothes coming off, and the physical contrast between the girls heightening my stimulation. I provided Louise with some oral while Gemma kissed and caressed her. I moved across and took Gemma from behind (she had told me earlier she liked doggie), Louise lying beneath her and to one side so that the two girls could kiss and Louise could play with Gemma's breasts. I thrust away for some time, tugging gently on Gemma's hair and playing with Louise's clit. After a while I needed a break, and we lay together on the bed, drinking some cold water and chatting a little. We soon started kissing again, and then one girl kissed me while the other gave me OWO, the girls switching until, with that dual stimulation, I eventually came in Louise's mouth.

Afterwards we chatted and tried to cool down in the warmth of the room. Pat was, of course, right – despite their physical dissimilarity the girls were indeed both my type! I enjoyed their company, and the girls certainly seemed to get on well together, although the bisexual activity went no further than kissing and caressing (not that I requested anything else). But they haven't been working as

escorts for long at all, and so it will be interesting to see how they are together in a few months. Of course, I've already made a provisional booking to see them as a duo on my next trip to London!
