### The Premises:

A very familiar block of apartments about 5 mins from South Kensington tube. It's an uninspiring place to go but about as safe and straightforward as it gets. More girls seem to work her now than I can ever remember.

### The Lady:

An absolutely beauty. She looks like her pictures, only slightly better. Nice and tall, very slim and petite in build (prob not idea for guys who like big boobs). Beautiful hazel eyes. Clearly looks after herself extremely well. Can't remember what the profile said age-wise, but I would put her at 24 or thereabouts.

### The Story:

I needed to bring the appointment forward by half an hour and the agency and Romana were very happy to help which was much appreciated. She greeted me wearing hold-ups as requested and looked fantastic (and wow those eyes!) Was offered a shower and then had a brief chat before the action.

Romana is fairly quiet but the conversation flowed after a while. She comes across as a very intelligent and headstrong girl but also with a nice sense of humour. Her English is very good.

She has a few rules and does not do a lot of stuff (ie. no CIM or a-level) but nothing that troubled me. OWO probably would have been on the cards but for my piercing (fair enough) but covered was good anyway with great technique. Tried various positions but settled with mish which she made fantastic with lots of eye contact (and wow they are lovely eyes).

If you're looking for porn star then she isn't for you as she doesn't exactly go crazy, but for a sensual encounter with a gorgeous girl, you could do a lot lot worse.

Not sure she will be around for the long-haul by the sounds of it, so hopefully punters will make it worth her while and encourage her to stick around a bit longer! Oh, did I mention her eyes?! ;-)
