### The Premises:

Ideal - an apartment close to the Hub and perfectly clear comms beforehand. Nice shower seemingly designed for someone of my stature and choice of smellies plus soft towel. Flat clean and pleasant with great view out of bedroom window.

### The Lady:

Chloe is very well known to many and what shines out as she matures disgracefully is her zest and her positivity from the welcoming snog to the scrunch of my buttock on leaving. We had been in touch one way and another for a year or two and both have been round the block so there so much to talk about (Chloe) or gossip about (me).

So the chatting took us over time but I am sure I got at least the full time with the sexy bits and Chloe's sexy bits were always within reach anyway.

### The Story:

We had a fine old time, frankly. Totally at ease with each other from the get go, gossiping friends on first meeting, always knowing who the other one was talking about and ready to round out the details.

But the sex or the kisses (Chloekisses is well named it turns out) or the fondles or the tickles or the teases or the vibrations went on all the time.

Chloe, it turns out, has a few toys and even before I saw any of them, I liked what they did to me.

Eventually we had sex and both of us went for it with full-on enthusiasm.

Great time - one of the great times all told in my punting career to be honest because it was about so much more than the sex but the sex was lovely to experience.

Will I go back? Oh yes.
