### The Story:

Rarely enter a review on this site as I tend to use another. But can not let this service go unreviewed. Phoenix is a re-branding of LMP (Lady Marmalade Parties) a phenomenon that has passed its 10th anniversary. To find it on the internet just enter 'phoenix swinger'. 6 girls and no more than 12 guys over a two hour period. And each girl ensures that you will get an opportunity to 'play' with her over the 2 hours. For the newbie the prospect sounds daunting. It is not. It all seems very natural and great fun. You are met at the front door of a terraced house, greeted, shown the ropes if you do not know them, shower, don one of the available robes and meet the girls partying that day. The action starts dead on the hour. There is no embarrassment. Newbies are given special consideration. Even the initial nervousness disappears as soon as one of the ladies takes your hand - or some other part of your anatomy. All ladies are chosen to participate on the basis of their personality as well as for the more obvious reasons. It really is full on and the girls do not hold back. I have attended a number of parties and must say that the girls are, with only the odd exception, universally exciting both visually and as practitioners of their art. Clearly a few stand out but it would be invidious to state whom. Do not go too much by the photos. Some, such as Vera and Charlotte, give a totally accurate photographic representation but do not prepare you for the action which their exceptional bodies - and mouths - provide. Others may suggest the unexceptional but could not be further from the truth - for example Ivana and Emily. All 4 of these ladies would turn heads in the street fully clothed. Naked and with their individual personalities they really are something else - and that is before the action starts. The contribution to the costs of the parties represents the best value I have come across on any continent. The beauty of the ladies and the standard of service is exceptional. Hope this does not sound like a sales pitch. It is not. Rather it is a genuine and heartfelt appreciation for the best party scene you will ever encounter. Can not

recommend too highly. Enjoy. You most certainly will.
