The Story:

We spent a long time communicating, months... Pre booked a day and time actually a five hour incall dinner. Two days before our date she emailed me saying that she had to break our date because she had somewhere to go out of the country. She wanted to reschedule, which was not going to work for me. I told her from the beginning that I would be in town only 1 day. I understand things happen, but.... She did not even try to accommodate me with a suitable replacement, I was left high and dry. Not what I would expect from a high class escort that she says she is. I feel that I had wasted a great deal of time. Beware.... I doubt that I would ever give her a second chance.
