### The Premises:

Ladybirds is well known parlour didn't have vip room as just wanted quick in and out so was just normal room with just massage table.

### The Lady:

Lovette is older lady with big enhanced tits not the greatest boob job ever but who cares nice to touch and feel. She is well into her forties but photos on site are her.

### The Story:

lovette entered the room and asked me onto the massage table and whether I wanted oil or talc for my massage she started massaging me which was good nice chat while she was doing it little bit of ball tickling then she took off her dress and it turned into an body to body massage feeling those big tits on me turned me on while she was doing this I pulled down her panties so I could feel her properly then she started kissing my back and eventually put her tongue into my ear making it quite uncomfortable for me to lie face down as my cock had sprung to attention so I turned round and we kissed a little as I fondled those big tits of hers. Then on went the rubber as she started sucking my cock which was a good quality blow job and she had already got me close then we went onto sex with her at the end of the massage table and me standing up which gave me a nice view of her pussy as put my cock inside her fucking her like this felt good as I could see those big false tits jiggle as banged at her pussy when I came my cock was really throbbing hard even Lovette commented on how she could really feel it. Then we cleaned up and chatted a bit more then I was kissed good bye and it was all over. But I had gone with attention with a quick in and out and Lovette was ideal for that if your looking for an experienced older woman with big tits then Lovette could be for you.
